

# WRIGLEYS

**Help  
Our Boys.  
Give to  
United War Work  
Nov. 11-18**

*We will win this war—  
Nothing else really matters until we do!*

Be patient here—Our Boys are getting  
**WRIGLEYS**  
over there!

## Salt Lake Going Ahead With Drive For War Work Fund

SALT LAKE, Nov. 11.—A tremendous effort is to be made today to raise enough money for the United War Work fund to put Utah over the top by tomorrow noon. The canvassers worked until late Saturday, many were working yesterday and all day today and this evening they will be going from office to office, store to store and house to house, gathering contributions to the fund for the soldiers.

City Chairman Frank S. Murphy is

sending to each canvasser this morning an urgent appeal to work at top speed all day in order to raise the city's quota by tomorrow noon. At that time there will be a luncheon at the Commercial club for reports from committees.

Receipts by workers on the street Saturday afternoon showed splendid results of the big demonstration. But as a whole donations, while fairly numerous, are not large enough. It is feared that perhaps peace talk has had something to do with the lack of enthusiasm demonstrated by some citizens, in spite of repeated warnings that the money being raised for the United War Work campaign is needed more now than peace is in sight than ever before.

Educators Asked to Aid.  
It was at first thought that work among the educational institutions of the state could not be carried on be-

cause of the influenza epidemic. But a committee has been appointed to get in touch with educators of the state in their homes and get them to pledge support. This is made possible by the fact that no money need be paid down with pledges, the first installment date of the partial payment plan being December 2. By then the schools will be reopened and the work of collecting money on the pledges can be carried on to the extent necessary. The committee appointed to work among the schools consists of Mrs. George M. Bacon, chairman, Mrs. Clarissa S. Williams, Mrs. Edward Rosenbaum, Miss Elizabeth Fitzgerald and Mrs. O. J. P. Whitson.

Advices from the National Catholic War Council headquarters bring daily indications that the archbishops and bishops of the United States are active in the work being done to make the big United War Work drive for its \$170,500,000 fund a great success. The members of the hierarchy are working in perfect unison with the Y. M. C. A., Y. W. C. A., Jewish Welfare Board, War Camp Community Service, Library Association, and Salvation Army, which organizations will hold their drive for funds.

Cardinal Gibbons Approves.  
Cardinal Gibbons in his letter to the clergy of the Archdiocese of Baltimore said in part:

"While it remains true that there will be a merging of forces, a magnificent opportunity is here presented for adding glory to the church. It is highly important, therefore, that every effort be made to raise the amount, so that all may see how dear to our hearts is the cause of liberty and freedom."

Cardinal O'Connell of Boston voices similar sentiments. At San Francisco Archbishop Hanna has ever been a dominating figure in all of the conferences. Archbishop Glennon has done his share in St. Louis, and Bishop Rhode, speaking for over three millions of Poles, is an outstanding presence at Milwaukee. Bishop Conroy created intense enthusiasm at Syracuse while speaking for the drive, and Bishop Nolan was the principal speaker at an immense gathering held at New Haven. In the south, Bishop Russell of Charleston was prominent in the conference in that city, and Bishop Allen of Mobile is strong for the big drive.

### Volunteers at Work.

Thousands of volunteers working under the direction of the Jewish Welfare Board in all parts of the United States, and the families of the Jewish soldiers served by the board, are mobilizing their resources in support of the nation's war effort.

At the present time the Jewish Welfare Board has 213 field representatives, fifty visiting rabbis, five field supervisors, and a central organization of seventy-five workers assigned to planning and managing the following

## HOME GUARDS HOLD A MEETING AND DECIDE TO GIVE FUNDS

According to Stuart J. Dobbs, the Ogden Home Guards organization held a meeting yesterday afternoon in Lester park at which it was decided to turn over to the War Work Welfare Fund the \$250 in the treasury of the organization.

In discussing the drive that is to start today Mr. Dobbs urged all citizens to give it their utmost support, calling attention to the fact that comfort and entertainment was absolutely necessary for those who had joined the colors more so now than at any other time.

With the consensus of opinion to the effect that the war is nearing its end, he pointed out that it will require almost fifteen months before those that are in service are released. Many of the soldiers and sailors will not be engaged in fighting. They will be provided with comfort and entertained in France and elsewhere by such organizations as the Y. M. C. A., Y. W. C. A., Knights of Columbus, Jewish Welfare League, Salvation Army, American Library Association and War Camp Community Service.

These organizations will furnish the men with the comforts of home as far as possible and will do all in their power to make their stay over there, one that will not be altogether lonesome during the time that they are not engaged in fighting.

## HOME-MADE COUGH SYRUP

Cured Husband And Child,  
Wife And Mother  
States.

Mrs. A. Jennings, 1734 Armitage avenue, Chicago, Ill., writes:

"I heard of Mentho-Laxene about two years ago, and since then would not be without it. My husband had been coughing for about four years, summer and winter, and now he is cured of it, and for my child I think there is nothing better in the world for a cold, for helps at once."

The best cough, cold, and catarrh medicine ever found is the essence Mentho-Laxene. Directions with a 2½ ounce bottle, concentrated, tell how to make at home a full pint of delicious, curative medicine.—Advertisement.

## PLAN TO GET YARN FOR KNITTERS IS LATEST IDEA

Novel ideas have been the rule in the successful enterprise of the American Red Cross Society but another just introduced will at any rate equal any before used. By the new method it is hoped to help local chapters of the society to get around the difficulty of procuring yarn for knitting.

A group of traveling salesmen are touring the country advising the chapters what to buy and where to buy it to the best advantage. Their advice is restricted purely to the purchase of wool and they will point out the ways in which the National Woolgrowers' association has been able to corner for Uncle Sam and his fighting men the choicest wool on the market.

The new alliance grew out of the Red Cross has cut off the promiscuous buying of yarns and woolen materials for making soldiers' garments and has limited the supply to each chapter to the allotment made by national headquarters at Washington, D. C. This discourages the buying by chapters or individuals of yarn from outside sources. According to word received at local headquarters, no materials should be obtained for Red Cross purposes except through a Red Cross chapter, unless the chapter should be unable to meet the demands made upon it.

The traveling salesmen are meeting the situation by visiting every Red Cross branch throughout the country and advising that if workers cannot get yarn from headquarters they are privileged to buy it from whatever source they can, but not otherwise.

This plan was favored by the war industries board. A recent delay in shipment of wool has made special purchases by some chapters and individuals absolutely necessary.

### SERVICES FOR

ALBERT SORENSEN  
BRIGHAM CITY, Nov. 10.—The body of Albert Sorenson, who died at Pocatello, Idaho, Thursday afternoon from pneumonia, arrived here this morning and short services were held at the city cemetery. Mr. Sorenson was the son of Mr. and Mrs. J. P. Sorenson of Brigham and was born here 18 years ago. His brother, Walter J. Sorenson, who was in the government service, recently died, and also a sister, Mrs. Ray Winchester. Mr. and Mrs. Sorenson have lost four other children besides these, which leaves them only one remaining child out of eight.

AMSTERDAM, Nov. 11. (By the Associated Press).—German garrisons along the Dutch frontier are reported in revolt. Officers are being disarmed and being treated roughly in some instances.

work: Camp service, community service, overseas service, information service, personal welfare service, training school, personnel publicity, revenue, auditing and accounting, material and construction.

With the extension of the draft ages, the resources and forces of the board must be expended. The home field force must be increased to between 500 and 600; there must be at least 300 overseas workers; instead of forty-two buildings there must be at least 100. The board's quota of the fund to be raised by the United War Work Campaign will be devoted to these purposes.

## When They Get Through Fighting--That's When We Can Help Most!

**W**HEN the fighting is over, when an armistice comes, when peace and victory are established—then will come the long, long period of demobilization.

In other wars, that change from military back to civil life has been a dangerous one.

Let's make it easy, safe and smooth for our Yanks!

Let's see that every hour of every day while they are closing up the job and waiting for their ships, is filled with wholesome fun and entertainment. Let's give them lots to do and lots to see and hear.

Think what it can mean to millions of Americans to get acquainted with the real France—the history, the traditions, the art and beauty which they have done so much to save!

Plans are mapped out to make our period of demobilization a regular "khaki university" and every soldier can come home with something of the background of those who used to go abroad to study.

In camps and huts and billets here and over there our fighters have shown that they want to get ahead. Books that instruct, books on technical subjects and on civics, on government, on history and business, are in greater demand than books of fiction.

When our fighters come back they will be better men in every way than when they left. But we must stay with them until they get back home!

The war for morale will go on long after the war against Germany is won. Let's help to make the months of waiting for transports a fine, wholesome time—full of improving influences. The money we give to these seven societies will insure this.

Don't wait to be asked. Fill in the "Official Pledge" today and give as liberally as you can. We want to report Utah's full quota as having been subscribed by next Tuesday evening, November 12.

### OFFICIAL PLEDGE

UNITED WAR WORK HEADQUARTERS.

Weber, Club, Ogden.

In consideration of the other subscriptions to the "UNITED WAR WORK CAMPAIGN" for a fund of \$170,500,000, to be divided pro rata between National War Work Council of Y. M. C.
